

Saving London

One Church at a Time

Easter Sunday

We had a brilliant Easter Sunday at our church, with 195 in attendance. It was so good to celebrate this day with our church family and to be blessed with many family and friends accepting invitations to come along. We were even able to surprise everyone by announcing that we would be doing our own teen camp this summer, something we didn't know if we would be able to pull off or not. Justin's mother also came over for the Easter school break and our oldest's birthday.

Annabelle Turns 5

March makes five years for Annabelle! She has had a busy month getting her tonsils removed on Mother's Day. Her recovery was quick, and she only missed nine days of school. She got back to school just in time for her first field trip and Easter celebrations on her birthday before the break. Of course, her biggest surprise was her Mimi coming to see her on her birthday.

Mother's Day Tea

Mother's Day in the UK always comes just before Easter, and for the second year in a row, we hosted a Mother's Day Tea for all the ladies in the church. It was a brilliant day, with over 50 in attendance. We had one of our church members give the Bible talk, and all the girls loved getting to dress up for the day.

Pastor's Conference & Youth Event

This month, Justin was invited to speak at a pastor's conference in North London. It was an honour to share with them how God has blessed our church with growth and talk about some ways we have helped first-time guests return and then get stuck in at our church.

Our teens also had the opportunity to join five other churches for a joint youth service. This has become a regular event each term and a real blessing for our teens to meet other Christians their age.

Prayer Request

1. We are putting on our own teen camp this summer; pray for us as we plan and begin sorting it together.
2. Our church is looking to hire an associate pastor to help with our growing church and ministries.
3. Our Family's finances have been affected by the cost of living in London, which has over doubled since we moved here in 2017, pray we can raise the additional support needed to keep the bills paid.
